

CANADA'S FREIGHT FORWARDER

Sealion Cargo is Canada's trusted freight forwarder, built on a foundation of partnership and integrity. Since 2014, we've grown from our Toronto headquarters to establish strong roots in major freight hubs across the country, including Montreal, Calgary, and Vancouver—connecting Canada to global markets through seamless logistics solutions.

With a multilingual team of handpicked specialists fluent in over 18 languages, we offer personalized, transparent, and solution-driven service that keeps your supply chain moving efficiently. Our global operations are backed by industry certifications including **FIATA**, **IATA**, **CIFFA**, **CTPAT**, and **PIP**, ensuring top-tier service, competitive rates, and a commitment to excellence in every step.

A people-first team fluent in 18+ languages, dedicated to building trust through tailored solutions and proactive communication.

A coast-to-coast-to-coast Canadian network with bonded facilities, project cargo hubs, and seamless cross-border and global logistics coverage.

We don't just deliver on time — we simplify logistics with global reach, certified compliance, and a proven partner network.

*At Sealion, we don't just move freight — **we move with intention, expertise, and zero excuses.** Whether it's a single shipment or a complex, multi-country supply chain, clients choose Sealion because we deliver **clarity, control, and confidence** every step of the way.*

AIR FREIGHT

End-to-end air freight solutions with IATA-certified service, global airline access, and real-time tracking. From time-critical charters to PO management and customs clearance, we handle everything—from pickup to final mile—anywhere on Earth.

OCEAN FREIGHT

Reliable ocean freight with guaranteed space and flexible rate contracts. We manage everything from vendor coordination and documentation to bonded warehousing, cold chain, and complex project cargo—supported by a global agent network.

PROJECT CARGO

From jet engines to mining equipment, Sealion handles oversized, time-sensitive freight with precision. Our team manages multimodal planning, permits, on-site supervision, and every detail in between—globally and across borders.

TRUCKING

Bonded, cross-border trucking with nationwide coverage and a “no excuses” delivery mindset. FTL, LTL, temp-controlled, and specialized handling integrated with customs, warehousing, and international freight for seamless execution.

WHY SEALION CARGO

At Sealion, we go beyond simply moving freight—we move with purpose, precision, and accountability. From single shipments to complex global supply chains, our clients rely on us for clarity, control, and confidence at every step. Backed by industry certifications and a team of handpicked experts, we combine modern tools with hands-on oversight to deliver tailored solutions, seamless execution, and results that speak for themselves.

BY AIR, LAND, OR SEA.

*From single shipments to multi-country supply chains, we give you **control, confidence, and peace of mind** — every step of the way.*

TAILORED FOR WHAT YOU MOVE

Air, Ocean, Trucking, Project, Crypto, Refrigerated.
From Aerospace to Perishables, no matter the cargo, you get precision-built execution and hands-on support.

CERTIFIED & COMPLIANT, GLOBALLY

FIATA, IATA, CIFFA, CCS, CTPAT & PIP Approved.
Sealion Cargo is secure, insured and border-ready.

PEOPLE-POWERED LOGISTICS

Proactive updates from real humans with over 18+ languages spoken.

GLOBAL REACH, CERTIFIED PRECISION

From first mile to final mile, we connect trusted networks with proven compliance to deliver flawless execution.

CRYPTO LOGISTICS | SECURE. COMPLIANT. BUILT FOR BLOCKCHAIN.

Sealion's Crypto Logistics division is purpose-built for the high-stakes world of blockchain and high-performance computing. From modular data centres and liquid-cooled systems to miners and servers, we specialize in the secure, compliant transport of critical crypto infrastructure—delivering with precision, discretion, and full regulatory alignment.

Our tailored programs span air, ocean, and road freight, with bonded, insured, and charter options to meet complex demands. Backed by crypto-specific customs expertise and secure warehousing for staging, testing, and repackaging, we ensure end-to-end visibility and control. With over \$400M in protected assets moved to date, Sealion offers white-glove service, real-time tracking, and strategic routing to navigate risk—delivering from factory floor to deployment with speed and reliability.
